Coleman to Advertise for Police

The Town of Coleman will have to seek other than the present RCMP police service after July 31st

This was disclosed at the council meeting June 14th, in a letter received by council, advising that due to a shortage of men that RCMP police would no longer be able to police the town. The letter also indicated that the town should prepare for other police service.

The RCMP police have been policing Coleman since April 1, 1966.

Following discussion on the matter it was agreed that Mayor John Holyk contact Mayor Alrik Tiberg of Blairmore with a view to drafting a letter to be sent to the federal attorney general in Ottawa, advising that the town cannot get suitable replacement on such short notice and at this late date. A copy of the letter will be sent to Lawrence Kindt, M.P.

A letter was received from H. Atkinson of Blairmore advising that two parties have signified their interest of building a nursing home for this area. A meeting is to be held with these parties and representation from all 'Pass towns is requested. Mayor John Holyk will represent Coleman.

Council were faced by a number of citizens with various complaints. The first was relative to the \$30 provincial tax grant and council advised that those persons paying their full taxes before June 15 would receive a \$5 rebate on the grant and those paying before September 15 would receive a \$2.50 rebate.

A number of residents living in the new subdivision requested council take action to repair the roads in this area, install sidewalks and curbs and improve the inadequate street lighting.

Council will repair the streets but advised that a sidewalk and curb project could not be undertaken this year.

Matter of residents living in this sub-division paying from \$650 to \$950 for serviced lots was discussed.

cused and council is to investigate what the meaning of "serviced lots" entails.

Complaints of the ball park creating a hazard for residents living near the park area, was discussed and it was also reported that cars were speeding and improperly parking in this area.

Council advised that the ball park was under the jurisdiction of the Coleman School District and this matter would have to be taken up with them. It was suggested that the backdrop be moved to another corner of the field to eliminate the hazard to windows of residents living near the park. The matter of speeding and parking is to be referred to the RCMP police.

Complaints of numerous dogs and horses running loose around the sub-division was also aired but no action taken.

A Tollestrup Construction representative was present and advised that cleaning the main trunk line of the sewage disposal system was underway and the system would probably be put into service within a week. Repairs and other commitments of the company are being completed.

In other council business, the secretary was instructed to write to engineers Underwood, McLean and Associates to get the town's estimates on winter works projects done during January, February and March so that the town can claim grants; it was announced that a number of parcels of land as well as several business properties would go up for sale in July; Councillor Tony Coccione was appointed as an alternate representative on the Pass EMO group; approval was given to spend up to \$10 to repair the television set in the community recreation room, after which the town will no longer accept responsibility for this.

citizen calls it "the most meritorious rescue of the year".

Two 1965 winners have also received accolades for their contributions to their communities and families. Theresa Becher of Bashaw won her citizenship award for her unselfish giving of her vocal talents to her community. She recently won two firsts and a second at the Edmonton Musical Festival. She also won a \$50 scholarship from an Edmonton radio station, and an additional \$90 scholarship to the Banff School of Fine Arts.

Doris Pollard of Chip Lake won a Calgary Power Special Award when she rescued her brothers and sisters from their burning home. She was presented with an award by Lieut.-Governor Grant MacEwan on behalf of the Royal Humane Society. Doris performed this heroic rescue when she was just four years old.

Nominations are now being accepted for the 1966 Alberta Junior Citizen of the Year Award. Readers who know of deserving young Albertans from 6 to 16 years of age are invited to contact the editor of this newspaper.

Catholic W. L. Monthly Meeting

On June 7th, 1966, at the Satellite Restaurant, the Coleman Catholic Women's League met for their monthly meeting.

The ladies hosted Father John Hagar, C.S.S.R., and Father Gabriel Edman, C.S.S.R., and also the Sisters of St. Martha from Blairmore.

After supper, enjoyed by all 35 members and guests, a short business meeting was held. The date for the annual bazaar was set for October 15, 1966.

The beautiful Centennial spoon, offered as an attendance prize, was taken home by Mrs. John Fekete.

Mrs. M. Roggiani Passes June 16 At 70 Years

Mrs. Mary Roggiani passed away in the Crows Nest Pass Municipal Hospital on Thursday, June 16th at the age of 70 years.

She was born in Castino Primo, Province Milano, Italy, on March 18th, 1896.

She came to Canada in 1913 settling in Victoria where she lived for two years, before moving to Drumheller, Blairmore and Trail, where she lived for short periods before coming to Coleman in 1942, where she has resided since.

She was predeceased by her parents, two sisters and one brother in Italy.

Surviving are a son, Joe Colombo of Creston, B. C., and three grandchildren.

Prayers were said in Fantin's Hillside Chapel at 7:30 p.m. Friday, June 17th. Requiem High Mass was celebrated from the Holy Ghost Catholic Church on Saturday, June 18th at 11 a.m., with Rev. W. Krewski, celebrant. Interment followed in the Catholic cemetery.

Palbearers were Secondo Demartin, John Rinaldi, Frank De Cecco, Silvio Castellano, Ernie Montalbetti and Danny Coccione. Fantin's Hillside Chapel was in charge of arrangements.

Crows Nest Coal Survey Planned (Lethbridge Herald)

CALGARY (C) — Scurry-Rainbow Oil Ltd. today announced it has purchased all assets of West Canadian Mineral Holdings Ltd., which has coal and mineral interests in Alberta.

Scurry-Rainbow said C. Bah and Co. of Japan will conduct a survey of West Canadian's coaling coal reserve of 400,000,000 tons in the Crows Nest Pass area of south-western Alberta.

Scurry-Rainbow president L. C. Morrisroe said in a press release the company plans to develop an export operation of at least 1,000,000 tons a year.

He said the company also took over 20,000 acres of mineral leases in the same area and 30 mining claims in the Pine Point, N.W.T. area. No financial details of the takeover were given.

Medal Presented For Bravery

The late Otto Joseph Comin who lost his life on July 26th, 1964, in the Racehorse Creek district while attempting to save the lives of his 13 year old son Bobby and 12 year old Roxanne Graham has been awarded a bronze medal and bar for his bravery.

The medal sponsored by the Royal Canadian Humane Association was presented to Mrs. Comin's brother, John Graham of Calgary, at ceremonies held in Red Deer recently. Mr. L. Blair of Pincher Creek also received a certificate of proficiency for having given artificial respiration to the young people at the time of the mishap. Miss Linda Dann of Vulcan also received a medal for having saved the life of Roxanne Graham in the same mishap.

The accident occurred two years ago when the two young people fell into the Racehorse Creek. Mr. Comin went into the river to save the children and was able to push his son up onto the bank where on-lookers were able to pull Bobby to shore. Mr. Comin also had a hold of Roxanne but was unable to push her onto the bank and he was swept under by a swift current. Miss Dann saved Roxanne and also recovered Mr. Comin.

Coleman Collieries May Build New Plant Out of Town

Coleman Collieries Limited are contemplating constructing a new coal cleaning plant at Vicary or Racehorse Creek mine holdings which would eliminate the plant now being used by the Collieries in town.

This was disclosed at Coleman council meeting June 14th when company official Eugene Fabro met with council as the result of a letter sent to the Collieries by the town, asking that steps be taken to cut the coal dust problem in town.

Mr. Fabro advised that the Collieries have from 50 to 60 coal trucks per day running over the road through the east end of town hauling coal from the Vicary mine to the cleaning plant in town. In an attempt to reduce the dust the company has poured between 6,000 and 8,000 gallons of oil on the roads and around the plant to try to suppress the dust.

He also mentioned that the company were having difficulty getting ships to export the coal to the Japanese markets and since railcars are at a premium the company were obligated to stock-pile

the coal on the ground on company property. When high winds hit the stock-piles, dust is naturally blown around town, and Mr. Fabro pointed out that this did not please the Collieries either, as during windstorms 2,000 to 3,000 tons of coal is blown away and lost.

He said that the Collieries were open for suggestions on the question of how to eliminate the dust, but said the company were considering moving the plant closer to their coal fields which would remove the dust problem from the town.

With regard to Coleman Collieries providing electric power to the town's pump house, to be built in the near future, Mr. Fabro advised that this would present no problem if the town would advise as to the amount of power required. This will be done.

Cardston Shooter Tops Sportsmen

Dennis Vadnais of Cardston, was the winner of the Grand Aggregate Trophy at the Willow Valley Trophy Club annual shoot held at the F. Lynch-Staunton Ranch, surrounded by numerous sportsmen from all over Southern Alberta. Runner-up in this event was Keith Vadnais, who lost out by one point.

Trap shoot winners were Keith Vadnais of Cardston, Tom Ridley of Calgary and Jim Wutzke of Bow Island.

In the large rifle with scope sight, winners were Bud Schmidt of Taber, who also won the trophy; Jack Appleby of Pincher Creek and Charles Hale of Bow Island.

Mr. Schmidt is now the permanent holder of the trophy, having won the event three times—1966, 1966 and 1966.

The large rifle event with open sights was won by Sam McGee of Lethbridge, who received the trophy; Charles Hales of Bow Island and Ralph Salk of Cardston.

William Michalsky of Lundbreck took first prize and the Harry Davies Trophy in the large rifle tight group event with runners-up being Steve Dixon of Brant and Gordon Mooney of Cardston.

The Barons Rod and Gun Club Trophy in the Hunter's Match event was won by Jim Wutzke of Bow Island, with second and third prize winners being Frank Leffingwell of Lethbridge and Dennis Vadnais of Cardston.

Gordon Mooney of Cardston tallied up enough points to take first prize and trophy in the Moving Target Timberline Saddle trophy event, and runners up were Earl Hutchinson of Warner and Bernard Smith of Cowley.

The Willow Valley team lost out to the five man 22 rifle team from Warner, comprising Earl Hutchinson, Dan Hutchinson, Lloyd Dunt, Steve Dixon and Jay Marsden for the Wadens trophy.

The Rangeland Hotel trophy for three lady 22 rifle teams was won by the Twin Butte trio comprising Peggy Mitchell, Patsy Mitchell and Joan Marr.

Winner of the Blackburn Trophy for highest scorer in team events was Dennis Vadnais of Cardston.

In the ladies 22 rifle open event winners were Yvonne Landry of

Lethbridge, who also won the trophy, Grace Galambos of Lethbridge and Peggy Mitchell of Twin Butte.

The 22 rifle youth match for the Jack Reid trophy was won by Don McCrimmon of Pincher Creek, and second and third winners were Patsy Mitchell of Twin Butte and Peter Hucik, Jr., of Willow Valley.

The Pete Maloff trophy for 22 rifle with open sights at 20 yards was won by Gordon Russell of Waterton Park, with Bob Woodward of Pincher Creek and Evelyn Leffingwell of Lethbridge taking second and third.

The 22 rifle event with scope at 50 yards was won by Bob Woodward of Pincher Creek with Charlie Foote of Purple Springs and Dennis Vadnais of Cardston taking second and third.

Henry Zak EMO Fire Chief

Fire Chiefs from Blairmore, Coleman, Bellevue and Hillcrest, and members of the various brigades attended an Emergency Measures Organization meeting in Coleman June 13th and elected Chief Henry Zak as Chief of the EMO unit.

The meeting was called to co-ordinate the local fire brigades with the Crows Nest Pass EMO organization.

Present at the meeting were J. D. Robertson, president of the Alberta EMO and A. V. O'Toole of the Fire Commissioner's office of Lethbridge, who outlined various courses and training that is available to the members of the EMO.

A provincial plan regarding measures to be taken during time of war and emergency is to be presented to the brigades so that they can familiarize themselves with the proper procedure to implement during times of emergency. Another meeting is to be held in the near future.

Fire Chief Henry Zak of the Coleman Volunteer Fire Brigade, announced this week that plans are now complete for the July 2nd Hose Coupling Competitions.

Chief Zak stated that the events will get underway with a parade of competing teams at 12 noon and competitions will start at 1 p.m. promptly. A banquet for visiting firemen, their wives and invited guests will be held in the Elks hall at 6 p.m. where presentations will be made.

Teams have entered the competition from Calgary, Taber, Lethbridge, Coaldale, Cammore, Cranbrook, Kimberley, Kinnaid, Coleman Collieries, Blairmore, Frank, Bellevue, Hillcrest, Coleman and Cour d'Alene, Idaho.

To help defray the costs of the day's expenses the brigade are sponsoring a draw for a frame containing 50 silver dollars.

Tickets for the draw may be obtained from any of the firemen or at Zak's Store or the Modern Electric.

Free Tuberculin Testing and Chest X-ray Survey

Sponsored locally by the Order of the Royal Purple, the Mobile TB Chest X-ray Unit will visit Coleman, Alberta, in the near future.

This service, sponsored jointly by the Department of Public Health and the Alberta Tuberculosis Association Christmas Seal Fund, is a source of early discovery of not only of unsuspected tuberculosis but many other chest abnormalities, including Tumors, Emphysema, Heart Irregularities, Pleurisy, etc.—and is especially valuable in the discovery of Lung Cancer which the Chest X-ray will reveal considerably in advance of symptoms becoming obvious.

Mr. C. B. Pugh, director of X-ray Surveys, Alberta Tuberculosis Association, is in the district making arrangements for the Tuberculin Testing and Chest X-ray Survey. A house-to-house canvass will be conducted to register every family in Coleman and community. All persons not attending school will be included in this registration.

School children are being screened by means of a Tuberculin Test at school through the services provided by your local Health Unit, and will not be required to attend this clinic.

In charge of this program are: Mrs. Isobel Petusk, General Chairman; Mrs. Connie Michalsky, Advance Registration Chairman; Mrs. Anne Vasek, Clinic Appointment Chairman; Mrs. Anita Berlin, Publicity Chairman; and Mrs. Irene Filafilo, Volunteer Help Chairman.

You Will Benefit From This. Safeguard yourself and your family by attending the clinic when it is in your community.

Time and location of the Tuberculin Testing and Chest X-ray Clinic in your district will be announced as soon as the pre-registration of each family is completed.

To Install New Power Unit at Crows Nest

Alberta and Southern Gas Co. Ltd. received word that the last authorization required to permit its contracted increases in gas sales beginning in 1966 and 1967 has been awarded in Washington, D. C., by the Federal Power Commission to an associated company.

A&S Vice-president and Manager S. Robert Blair said that Pacific Gas Transmission Company, owner and operator of the Idaho-Washington-Oregon section of the pipeline, received an F.P.C. licence for the importation of an additional 200 million cubic feet per day of Alberta gas.

Half of the additional delivery is to begin on November 1, 1966, and the remainder a year later. All this gas will be purchased from Alberta and Southern and will be delivered by Pacific Gas Transmission Company to Pacific Gas and Electric Company for distribution in the markets of Northern and Central California.

"The additional sale to Pacific Gas Transmission Company, when combined with additional sales to the Montana market which were authorized earlier this year, will increase the rate of gas purchase by Alberta and Southern from producers in Western Alberta from the current rate of about \$30 million per year to \$46 million," said Mr. Blair.

"This is one measure of the economic benefits which will result in both Canada and the United States from the expansion."

The development will also:
 1—make available larger quantities of natural gas to California consumers under the security of long-term contracts, and
 2—should provide additional incentive to Canadian producing companies to further extend their development and exploration operations.

"The business transactions now authorized by the Province of Alberta, by Canada, and by the United States provide excellent examples of the mutual benefits of sale of surplus Alberta gas to near-

by markets in the Western United States," said Mr. Blair.

Today's news also signals the go-ahead for construction of additional pipeline facilities in Alberta and in southeastern British Columbia.

In Alberta, The Alberta Gas Trunk Line Company Limited is proceeding to build a compressor station, additional lateral lines and meter stations.

Several new producer-owned processing plants and several plant expansions are already under construction for the delivery of the increased quantities of gas.

Mr. Blair also announced, on behalf of Alberta Natural Gas Company, that that company will now move ahead immediately on its \$5 million-plus construction program in the East Kootenay district of British Columbia.

Alberta Natural will install this year a new 12,100 horsepower compressor station near Moyie, about 25 miles south of Cranbrook, B. C.

In 1967 Alberta Natural will also install a new 12,100 horsepower unit at its existing compressor station near Crows Nest, B. C., just west of the Alberta boundary. This work will raise the station horsepower from 13,600 to 25,700 h.p.

The two new compressor units will speed the flow of gas in Alberta Natural's existing pipeline. No new mainline pipe will be needed.

Next year Alberta Natural will also enlarge its Kingsgate meter station at the U. S. border at a cost of about \$44,000.

The two new compressor units to be installed at Moyie and at Crows Nest will both be Cooper-Bessemer centrifugal compressors powered by Rolls-Royce turbines, which will use natural gas from the pipeline as fuel.

Centennial Report

by JOHN W. FISHER
CENTENNIAL COMMISSIONER

REPORT No. 7—

I have been "ticked off" by some friends for "allowing the subject of crass commercialism" to creep into a few of my public addresses on the Centennial of 1967. I refer to the subject of businesses making more money as a result of the expected boost in tourism and commerce in general.

It is, of course, quite right that the spirit of our birthday celebrations should maintain a tone in keeping with Canada's national and historical significance as our Parliament expressed it in an Act.

Nevertheless I continue to declare, in spite of the concern of a few of my friends, that it is no sin for the keepers of hotels, motels, restaurants, roadside lunch stands, shops and the hundreds of thousands of other Canadian businessmen, large and small, who will be selling increased amounts of paint, flags, musical instruments, gasoline and transportation, to look forward to an increase in revenues in the year 1967.

It is to be hoped, of course, that all will realize the importance of fair business conduct. Let it not be said by any tourist in our country that he was unfairly exploited during his visit.

Just to show that there need be no fear of character damage to a Canadian who tries to do better, financially, during the Centennial, I point to no less a dignified body than the Canadian Travel Bureau.

The Government Travel Bureau hopes to attract a gross income from tourists from other countries of one billion dollars in 1967. The

Bureau also has greatly increased its budget for advertising outside Canada to help produce that hoped-for income.

Knowing that there is a solid national effort to produce greater tourism many will be encouraged to accelerate their business activity in the community, particularly with respect to promotion, in a way that produces local business revenue, and at the same time boosts the Centennial, as a national celebration, along with the national economy.

Local merchants can do things with their shop windows, counters and advertising which will increase sales and at the same time add to the festive atmosphere for the Centennial. Local industries can build their corporate prestige by going along with our national beautification program: making their properties more attractive, landscaping, cleaning up and painting up and perhaps putting up a new flag pole for the celebrations.

Local printers and publishers can get on the bandwagon too. Mr. Bill Forbes, editor and manager of Canadian Printer and Publisher magazine, brimful of ideas for small town newspapers and printers, told us recently he is running Centennial suggestions in his own column. He has tips for Centennial promotion issues of newspapers and commercial printing project plans. (One novel idea of his for community printers and publishers is to produce wrapping paper covered with montages of old front page news stories published in 19th century issues).

Style magazine, newspaper for the retail garment trade, is running a column every issue to pass along "how-to" information on Centennial sales promotion. Other business editors are publishing similar material.

Man can be the most constructive or destructive of all animals

when he is motivated by the lure of profits. Let's take the view that we can increase revenue in 1967 in a constructive way that will benefit the Centennial and all of us.

Molson's To Sponsor Horkey Scholarship Program in Alberta

A hockey scholarship program to cover the tuition fees of students entering university in Alberta is to be organized in the province. The program was announced recently in Calgary by Molson's Edmonton Brewery, sponsors of the program.

Alberta students, currently in their senior matriculation year, will be eligible for ten grants of \$500 for entrance to Alberta universities in 1966-67. A program similar to this is currently sponsored by Molson's in British Columbia, Saskatchewan and Manitoba.

The Hockey Scholarship Trustee Committee which will select the winners each year will consist of the following:

Mr. J. S. (Stu) Peppard, president, Alberta Amateur Hockey Association; Mr. Edwin D. Zernau, Athletic Director, University of Alberta, Edmonton; Dr. John Dewar, Athletic Supervisor, University of Calgary; and Mr. E. S. Neils, Vice-President Molson's Edmonton Brewery Ltd. Eligibility for the scholarships

will be based on hockey proficiency, academic achievement, and the qualities of character, leadership and sportsmanship.

Mr. Neils stressed that "while they are 'hockey' scholarships, we have no intention of ignoring academic accomplishments. The program is being launched to enable young men with demonstrated hockey ability to further their education and develop their hockey talents. We hope the program will assist in providing advanced educational opportunities to young hockey players in Alberta."

Further information can be obtained by contacting the Public Relations Department, Molson's Edmonton Brewery Ltd., 10439 - 121st Street, Edmonton, Alberta.

Fastball League Notes

The climax to one of the greatest fastball spectacles in the pass area can be summed up in one word (Guzzah) who in the 7th inning slammed a three-run tape measure homer into deep right field breaking a 3-3 deadlock as the Coleman Kings dropped Fishburn 6-3 Tuesday night, June 14.

Schiebout, who shut out the opposition for four complete innings recorded a record breaking nine strike-outs and allowed only 8 hits and walked none.

The Coleman Kings moved into sole possession of first place in the Waterton Men's Senior Fastball League Tuesday night, picking up two wins on the road as they downed the Brocket Redskins and Fishburn Ploughboys 9-5 and 7-4 respectively.

The Kings playing coach, plagued by injuries and shift work, used his bench strength to its maximum, along with tactics and ball strategy yet unheard of in the majors resulting in complete domination of play in both games.

The Kings next encounter a home and home series with the Redskins at Brocket and Thursday, June 30th at home. For the benefit of those Pass residents following the Kings schedule, players on the injured list are: Al-Star Catcher Lopchuk, Ace Centre Fielder Guzza, with back injuries, Penitch and Miurelli with severe case of Flu.

Irene Filafilo New O.O.R.P. Head

Irene Filafilo was installed as Honored Royal Lady to head the Coleman Royal Purple Lodge at ceremonies held in the Elks hall.

Installing the new slate of officers was District Deputy Supreme Honored Royal Lady Ruby D'Etchivry, assisted by Helen Shields, both of Crabrook, B.C.

A social evening was held after the installations were completed.

Assisting with the installation was the Coleman Elks patrol team.

The new slate comprises Past Honored Royal Lady Connie Michalsky; Associate Royal Lady, Helen Kropinak; Loyal Lady, Elizabeth Liska; Lecturing Lady, Anita Berlin; three year trustee, Josephine Kulig; Secretary, Joy Tarcon; Treasurer, Marge Schultz; Historian, Rose Quarin; Conductress, Olga Krug; Chaplain, Marion Amell; Outer Guard, Geraldine Gettman; Inner Guard, Mary Bowman and Accompanist, Bernice Navaril.

We don't like to talk about suicide, do we? Yet suicide takes as many Canadian lives each year as traffic accidents, and an astonishing proportion of them are quite young people. Another tragic fact is that a great many could be prevented, if we knew a little more about suicide. The Mental Health Association will be happy to send you a free pamphlet entitled 'Some Facts About Suicide'. Write to CMHA, 619 Revillon Building, Edmonton.

A common subject of controversy is whether or not mothers should work. The Mental Health Association doesn't take sides, but it will give you a pamphlet, free for the asking, that will help YOU if you are a working mother, to handle both your jobs better. Write for 'Mothers at Work' to the Canadian Mental Health Association, 619 Revillon Building, Edmonton.

In Memoriam

In Loving Memory of Our Dear mother, mother-in-law and grandmother, Carmela Ferrara, who passed away July 2, 1963:

Three sad and lonely years have passed

Since our great sorrow fell. The shock that we received that day No one can ever tell.

God gave us strength to meet it, And courage to bear the blow; But what it meant to lose you No one will ever know.

It's lonely here without you, Mom. We miss you more each day. For life is not the same to us Since you were called away.

You bade no one a last farewell; Not even said good-bye. You were gone before we knew it— And only God knows why.

It broke our hearts to lose you: But you did not go alone, For part of us went with you. The day God called you home.

Sadly missed by Sons, Daughter and Families.

Employment Picture Very Good

Terry Robertson, manager of the National Employment Service in Blairmore, announced the employment picture in the Crows Nest Pass and Fernie, B. C., area is very good.

There is a shortage of qualified workers and N.E.S. officials at Blairmore are requesting anyone interested in employment to contact the Blairmore local office at their earliest opportunity.

Discounting workers on temporary layoff in the lumbering industry, there are less than 50 males seeking employment most of whom are in the older age groups seeking employment of a light nature. A large number of University and High School students have contacted the office for summer work. Unfortunately, there is little demand in the area for these energetic young people, and Mr. Robertson wishes to remind employers to endeavor to hire a student for the summer. Many desperately need the employment to continue their education.

Coal mines are continuing to operate at maximum capacity and the demand for active young men seeking a career in mining still

exists.

The lumbering industry has suffered some loss of time due to spring break-up, but a resumption of work is anticipated within a few days. A shortage of workers is expected in the industry when logging operations return to full time operation.

Construction work has been curtailed to some extent but the warehouse addition to Phillips Cables Ltd. has provided a welcome sight to many workers in the area. The recent \$104,060 award to Remington Construction Company Limited of Cardston, Alberta, for the construction of a pre-stressed concrete girder bridge on Highway No. 3 over the Crows Nest River near Lundbreck and the successful \$200,000 bid by Shamon Construction (Alta.) Ltd. for road construction between Lundbreck and Cowley will provide continued work for many construction workers.

Proposed industrial expansion in the Fernie area show promise of a very busy year and there is every indication of a continued shortage of qualified workers this summer stated the N.E.S. official.

Mr. Robertson wished to remind all employers and workers that the Blairmore local office is open to the public daily, except Saturday and Sunday, between the hours of 8:30 a.m. and 5:00 p.m.
